XY is a leading independent operator offering **consultancy services** for transparency, accountability and **control in the financial sector**. Acting as a global organization authorized by FCA and FINMA, it addresses the needs of ultra-high net worth families and large corporate treasuries worldwide who seek **unbiased consultancy** free from conflict of interest.

XY offers **focused strategic services** aimed at tackling the complexities and paradoxes of today's financial sector. As a global estate orchestrator and neutral partner to the shareholders of **large-scale treasuries and assets**, it enhances the experience of clients by offering scientific tools for increased knowledge and control, helping establish methodologies that support instant benchmarking, **informed decision-making** and risk management.

XY brings to fruition an innovative and integrated concept of complete **anywhere-anytime status reporting**, scientifically argued risk assessment, as well as highly customized, fact-based, **vendor-independent** strategy consulting. Its **unique service delivery model** leverages a proprietary knowledge platform integrating best-in-class technologies and a network of dedicated hubs supported by the company's regional offices and expert divisions.

XY is committed to transparency and independence in all aspects of its work in accordance with its Code of Ethics and Framework for working with all players in the financial sector without conflict of interest.
